

*Comprehensive Training Solutions When Lives Are On The Line*

Mr Haitham Mufti (HM Private Office) supported by Col. Eng. Maher Halaseh (KADDB Project Director) sign contract with Martin Gibson (AIS Project Director); Kevin Smith (AIS Commercial Manager ) & Michael Allen (AIS Financial Director)

### **FOR IMMEDIATE RELEASE**

## **AIS Inc. Announces Design Contract for Second Phase of King Abdullah II Special Forces Training Center (KASOTC)**

SEATTLE - April 29, 2005 – Advanced Interactive Systems Inc. (AIS) announced today that a contract had been signed in January this year to undertake the second phase of design work for the King Abdullah II Design and Development Bureau (KADDB); Special Forces Training Center (KASOTC).

The contract is focused on developing the detailed facilities design and tender documentation for the KASOTC program. Martin Gibson, Operations Director for AIS Ltd. in London, will spearhead the efforts on AIS' behalf. "We are pleased to continue the design work on this Centre of Excellence for Special Forces Training," stated Mr. Gibson, "It's truly an honour to support Jordan with the development of its vision for the KASOTC project."

King Abdullah II Special Forces Training Center was initiated at His Majesty's instructions to have a center to serve the training needs of both Jordanian and regional Special Forces, Counter Terrorism Forces, Security and Emergency Service Units, and to act as the premier Live Fire Training Center of the Middle East. This state of the art center will provide professional training for all kinds of end users and provide the region with a world class training facility.

### **About AIS**

Advanced Interactive Systems, Inc., ([www.ais-sim.com](http://www.ais-sim.com)) provides comprehensive training solutions for people in positions where lives are on the line, including law enforcement, military, government, security, corrections and emergency responders. AIS manufactures PRISim training simulators that provide lethal and less-lethal weapons handling and judgment skills. The AIS Ltd. group designs and builds anti-terrorist and other special application training facilities for military and special operations groups, with installations in more than 60 countries. The Reality Response Division manufactures interactive simulation systems and synthetic environments that provide reality-based training for CBRNE (chemical, biological, radiological, nuclear, explosive) hazard response tasks. Headquartered in Seattle, Washington, AIS Inc. is a privately-owned company with offices in Washington D.C.; McLean, Virginia; Monterey, California; Orlando, Florida; Abu Dhabi, UAE; Singapore, Malaysia Farnham, England.
