Patrol 12

This content set has 6 situations and 18 threat events with 49 scenario outcomes.

Disturbance at Residence

You and your partner respond to a domestic disturbance call. It's not the first time at the residence and it has only been verbal, no physical fighting. When you arrive, a man answers the door and allows you to come inside where the woman is yelling into the phone. She becomes aggressive.

Bar Fight

You're responding to a bar fight. As you enter the bar with your partner you see a crowd of people. Once you work your way through the crowd you see two men on the floor fighting. Suddenly a woman appears through a doorway on the left. She has a hand gun. With the gun by her side she threatens to shoot one of the men. After several seconds she raises the gun, shoots and then drops the gun while stepping back.

Bus

You are responding to the call of an unruly passenger on a bus. When you arrive the bus driver greets your partner and you outside the bus. The bus driver informs you that a passenger is scaring the other passengers and requests that the unruly passenger be removed from the bus.

Park

You're on foot patrol in a park. While on patrol you see a man and woman fighting. The man, who has a gun, immediately shoots the woman and runs away from you across street before disappearing over a small hill.

Pool Table

You are doing a routine bar check when you are informed of a disorderly person. When you arrive, the bartender flags you down and informs you that there is a man at the pool table that is being obnoxious and she would like you to remove him.

Undercover Officer

While returning to your patrol car, you hear a woman scream. It comes from underneath an overpass. When approaching the area where you heard the scream a woman is running away and you find a man lying on the ground at gun point.

AS REAL AS IT GETS®

Patrol 15 HD

This content set has 7 situations and 62 threat events with 101 scenario outcomes.

*This content set is offered in HD (High Definition) format only.
PRISim Suite® 1.2 or higher is required.*

Active Shooter

There are reports of shots fired in a local school. You and your partner respond. You encounter several people with guns and innocent students running out of the building and others being held hostage.

Garage Arrest

A group of teens are being questioned. One of them has outstanding warrants. In the scenario "Two Man Unit" you are standing cover, and in the scenario "One Man Unit" you are backup responding to the scene.

Garage Barricade

A wanted suspect has barricaded himself in a garage. You are responding as cover to the other officers on scene. You stand cover while another officer sends in a dog to retrieve the suspect; the suspect then complies.

NOTE: This scenario was inspired by the location of a suspect who fled from a stolen vehicle where the suspect had shot an officer.

Garage Incident

You respond to a commotion in a parking garage. There are two officers on scene. The officers are trying to get the group to calm down. The undercover officer draws his weapon and the suspect complies and gets on the ground.

NOTE: This scenario was inspired by a tragic incident where a plain clothes detective was shot by a fellow officer as a result of mistaken identity.

Suspicious Person

You respond to a suspicious person loitering near the dumpster area of a restaurant. When you arrive another officer is already on scene. After you arrive, the person comes out and seems to be upset, confused and/or intoxicated. You contact him and attempt to take him into custody.

Suspicious Vehicle

You respond to a report of three suspects and a parked car behind a warehouse. When you arrive the suspects start to mouth off. There are three scenarios; the female can approach with a weapon, the other female and male shoot, or you can question the suspects at the car.

Traffic Stop

You pull over a truck for a traffic violation. When the truck comes to a stop you exit your vehicle and the door opens on the truck. The driver exits and shoots as he runs.

NOTE: This scenario was inspired by an enforcement stop of a reported stolen vehicle where the suspect shot the officer and fled the vehicle to be arrested without incident at a later time.

Tactical Skill Builder 1-8

This content set has 32 situations and 120 threat events with 25 scenario outcomes.

Tactical Skill Building 001

There is a bottle target that moves among bystanders.

Four levels of difficulty with bystanders in green and a moving bottle. If bottle is hit you move to the next level.

Tactical Skill Building 002

There is a suspect target moving around with a bystander following.

If the correct target is shot, the scenario will automatically advance to the next level. Each level increases in difficulty. In the last level, the targets switch color from their normal expected color.

Tactical Skill Building 003

A group of bottle targets are displayed with numbers on the face. There are multiple ways to complete this exercise.

The targets that appear in these scenarios must be shot in the designated order. If they are not shot in the correct order, the scenario will cut to black.

Tactical Skill Building 004

A group of bottle targets are displayed with numbers on the face.

The targets that appear in these scenarios must be shot in the designated order. If they are not shot in the correct order, the scenario will cut to black.

Tactical Skill Building 005

A bottle target moves around the screen in a random order and only in a two dimensional area.

Tactical Skill Building 006

A bottle target moves around the screen in a random order and only in a two dimensional area.

However this one has a second target that can also be shot.

Each situation has a buzzer that goes off at the specified time. The situations will fade out when the targets is shot.

Tactical Skill Building 007

A silhouette moves around the screen in a three dimensional fashion with bystanders.

There are three levels of difficulty. When a level is successfully completed, the trainee is advanced to the next more challenging level. If an incorrect target is hit the scenario is over and will fade out.

Beware: Shooting the suspect target while in front of or behind a bystander target will count as shooting an 'other' and the scenario will come to an end.

Tactical Skill Building 008

The five metal plates can be shot left to right or right to left. Both large and small plates are available.

As soon as the buzzer sounds, the trainee should shoot the plates left to right or right to left depending on which the scene loop indicated

Tactical Skill Builder 9-16

This content set has 28 situations and 93 threat events with 22 scenario outcomes.

Tactical Skill Building 009

A silhouette moves around the screen in a three dimensional fashion with bystanders. There are three levels of difficulty. When a level is completed the trainee is advanced to a more advanced level. If an incorrect target is hit the scenario ends.

Tactical Skill Building 010

A silhouette moves around the screen in a three dimensional fashion with bystanders. There are three levels of difficulty. When a level is completed the trainee is advanced to a more advanced level. If an incorrect target is hit the scenario ends.

Tactical Skill Building 011

A silhouette moves around the screen in a three dimensional fashion with bystanders. There are three levels of difficulty. When a level is completed the trainee is advanced to a more advanced level. If an incorrect target is hit the scenario ends.

Tactical Skill Building 012

A silhouette moves around the screen in a three dimensional fashion with bystanders. There are three levels of difficulty. When a level is completed the trainee is advanced to a more advanced level. If an incorrect target is hit the scenario ends.

Tactical Skill Building 013

A disk or bottle target move around the screen, sometimes transferring off the screen and returning. In this scenario, red and green lights are visible. When the red light turns green the targets should be shot. There are four difficulty levels and the trainee advances to the next level when completed correctly.

Tactical Skill Building 014

A disk or bottle target move around the screen, sometimes transferring off the screen and returning. In this scenario, red and green lights are visible. When the red light turns green the targets should be shot. There are four difficulty levels and the trainee advances to the next level when completed correctly.

Tactical Skill Building 015

Green, red and blue targets appear after the doors swing open. As soon as the targets are visible they can be shot. Green targets are no shoots and will end the scenario. There are four difficulty levels and the trainee advances to the next level when completed correctly.

Tactical Skill Building 016

Green, red and blue targets appear after one of twelve doors opens. As soon as the targets are visible they can be shot. There are four difficulty levels, and the trainee advances to the next level when the levels are completed correctly. In level four the trainee can proceed by shooting any one of the targets, which vary in difficulty.
